SERVICE BRIEF

***Storage Tank Management
Environmental Services***

Storage Tank Management

EnviroProbe is a woman-owned small business headquartered in Nitro, West Virginia. Our experienced operators have provided direct-push, environmental and geotechnical drilling services since 1995. Our professionals have worked with numerous clients on projects involving underground and aboveground storage tank systems.

Our technical and professional staff has performed the following types of projects specifically for storage tank systems:

- Spill Prevention Control and Countermeasure Plans (SPCC Plans)
- Condensate Evacuation and Mobile Treatment
- Groundwater Protection Plans (GPPs)
- UST System Closures and Regulatory Liaison
- UST Closure Sampling and Tank Closure Reporting.
- AST Tank Farm Design
- UST Closure Contractor Monitoring
- Soil and Groundwater Assessments (Suspected and Confirmed Releases)
- Groundwater Assessment
- Groundwater Monitoring Program Design
- Monitoring Well Installation
- Recovery/Remediation Well Design and Implementation
- Pilot Remediation System Testing and Design
- Corrective Action Plans (CAPs)
- Interior Tank Videography and Inspection
- Tank Cleaning
- Tank System Tightness Test Coordination
- Permit Required Confined Space Entry
