Above Ground Storage Tanks

EnviroProbe Integrated Solutions, Inc (EnviroProbe) is a woman-owned small business located in Nitro, West Virginia. Our professionals have worked with numerous clients on projects involving aboveground storage tank systems.

Our technical and professional staff has performed the following types of projects specifically for storage tank systems, including requirements set forth in Senate Bill 373, also known as the WV Aboveground Storage Tank Act:

- WVDEP AST Tank Registration
- AST Integrity Testing and Inspections
- Spill Prevention and Response Plans (SPRPs) and Spill Prevention Control and Countermeasure Plans (SPCC Plans)
- Stormwater Pollution Prevention Plans (SWPPPs)
- Groundwater Protection Plans (GPPs)
- AST Integrity Testing and Inspections
- WVDEP Regulatory Liaison
- AST Tank Farm Design
- Waterway Accident/Leak Response
- HAZMAT Spill Response and Incident Management
- Site Remediation and Restoration
- Waste Characterization, Management, and Disposal
- Regulatory Communications, Negotiations and Liaison
- Spill Reporting
- Mobile Spill Response Trailer (booms, absorbent pads, generator, pressure washers, recovery tanks, etc.)
- Interior Tank Videography and Inspection
- Tank Cleaning
- Tank System Tightness Test Coordination
- Permit Required Confined Space Entry
