Vertical Closed Loop Geothermal Installation

EnviroProbe is a woman-owned small business headquartered in Nitro, West Virginia. Our experienced operators have provided direct-push, environmental and geotechnical drilling services since 1995. We are proud to offer Vertical Closed Loop Geothermal Drilling Installation services for both commercial and residential applications. EnviroProbe's operating region varies depending on the scope of work, but typically includes Kentucky, Maryland, Ohio, North Carolina, South Carolina, Virginia, Pennsylvania, and West Virginia. We operate three track-mounted Geoprobe® Rigs (Model 7720DT, 7822DT and 3230DT), one track-mounted CME-45C, one track-mounted CME-55, and a truck-mounted Mobile™ rotary rig. We also have low profile rigs that are highly maneuverable and applicable in a wide variety of situations.

**Vertical Closed Loop (VCL's)
Geothermal Drilling**
